Russia must stop Interpol before its too late...

Dmitry Medvedev & Vladimir Putin,

Putin, I need your 'bastard-mentallity'.
Yesterday, I watched a documentary on VPRO-tv on Russia
= people behave apathetic in relationship with politics
= people voted for Putin because he was strong amongst 'paralized fooks'
= corruption makes the world go round
= Medvedev is appreciated for his view 'Russia suffers from Justice-nihilism'
= its unlikely that fooks today start to build their 1-persons-toko with individual strenght

On top of this we have:

- EU & UN want ICC to be a Lobby- & Assasinationcentre
- Worlds' parliaments keep Balkenende & co in parliament, while we should have had New elections grounded in my ICC-case in the summer of 2007
- Geert Wilders is brought to court for distributing hatred against he Islamic-world, but its unclear if judges are going to write a degree against misconduct
- Media refuses to implement the correct legal constructions aganst Wilders & co + media refuses to inform the people about my ICC-case
- Interpol keeps Balkenende & co in parliament and even coöperates with Icc as if its a fair court of law, while in fact its an official Hitler-court.
- White House is working with my sites, which can result in an explosion of hatred against USA-soldiers in Afghanistan when Barack Obama makes mistakes; expolsion against NATO
- Media wants Wilder te become president of NL, to prove that our NL-judges are worthless.
- SP called for an intifada from Gaza to Israel...

Can you see that over the past months agression – war – is increased in NL?

This is not going to stop!

Trade is more corrupt than 5 years ago, thanks to Balkenende & co.

5000-10000 extra unemployed persons per month.

World's parliaments panic - now we have got a financial crisis - so they ignore people like me.. Wrong!

Media only broadcasts 'violence', not the legal possibilities to make individuals stronger.

Ronald K. Noble of Interpol calls for better coöperation between private & public-sectors.

Too late! He behaves like a politician, not a police-officer.

Terrorists already know 'that he supports criminals working in NL, ICC, EU, UN and more...'

NLF-reader know 'that Noble has me tortured & killed by ICC'.

Tóóóóó late.....

Why do I need your 'bastard-mentallity'?

ALL those bureaucracy-models you build together with Interpol to stop crime...are FAKE to the people...

People are excluded. Anti-corruption-offices don't even know 'what ICC stands for'.

Ronald K. Noble has to SHUT UP and leave office.

Interpol-management already has a corrupt image...and they ignore people who prove this to the world.
Kremlin MUST publish Instruction-papers for the individuals/people on the website. Talks to people as if they are intelligent human beings = forget their apathetic behavior. Make people talk about themselves & lawbooks. You need to do a 1000 thimes better than you do today.

Have a straightforward day,
