Qatar, Embassy, FIOD, ICC, ICJ,

Qatar can not start an International Court of Justice lawcase over its sovereignty & humanrights procedures / a blockage by UN_memberstates for terrorism-support.

I started an ICClawcase against the current leaders of Qatar.

For the fact that they support the building of DictatorshipNL.

They support UNSG Antonioguterres with misusing ICC for his private corruption & killings.

ICJ is located in TheHague NL; this comes with special legal obligations.

So?

First the current Qatar-leaders must be removed from their laboucontracts; must be replached with new leaders who do recognize the ICClawcase NL.

Recognize the criminal methods of work of the ICC-personnel, for the removal of these monsters from their labourcontract.

They must also remove UNSG guterres from his labourcontract.

And accept me as Interim PM & UNSG

Sportsgame Qatar 2022 FIFA-worldcup

Can't proceed under current circumstances.

Swiss will you clean up this chaos; so we don't have more refugees & killings in EU?
