**Spacex, Yusaku, FBI- Nasa, ICC, Nato, UN.... & .... Sec.gov,**

**Spacex,**

**My stamcells opened themselves for Moonflight 2023, last night.**

I slept well; now.... in the morning I feel exhausted... My Body-Soul-Spirit puff... in Space.

**My stamcells told me that Moonflight 2023 is going to take place when I am 59 years of age. After 11july2024.**

I followed the Moonflight in good condition; the ICT-team supplied me with images & outline... which made it possible for me to keep my EQ-trip 'clear'.

A comfortable thought, because a stamcell-trip can also end up in a mental hospital.

**You have to take better care of me = take better care of my brain.**

When I put in a request 'for something...',

you are suppose to give it to me on a very short timeline,... without a fight,

because its for Evolution for Evolution = All of Us.

**I don't own a Compartement-brain like Elon does.**

**My inner-eye floats about in Space... what is enormously 'demanding',**

**because I overlook the stamcells of other creature.**

**Ask me what I want... for which targets.**          

**With the aim 'to give me the Brain-food that makes me strong & healthy,**

**so I can anticipate on 'wrong during the Moonflight'.**

**Engineers can do a better job.... when I put my stamcell-images on the table.**
