ICClawcase against Urmasoorumaa,

President Estonia

I will start an ICC-lawcase against Urmas Soorumaa (<http://www.usinvest.ee/>) and the President of Estonia (<https://www.president.ee/en/>), Toomas Hendrik Ilves.

They both torture me for information, inherent to the International Criminal Court lawcase against NL. Both, refuse to implement the Constitution, UN-treaty, Humanrighttreaties.

I have given Urmasoorumaa many chances to stop his criminal behavior towards me.

Taime to overcome his divorce, a sabbatical.

Result? He wants EU- Nato- ICC to start wars... and he wants to misguide, torture me.

Wants me to be killed, despite the fact that he's a parasite on my body.
