Japan almost Emperor Naruhito, Ispace, ElonMusk, FBI, Hiber.global, YusaKuMaiezawa, ICC, Embassy, Media,

Emperor Naruhito,

Why do I constantly have to take care of your national security?

SpaceX GwynneShotwell has made a War-communication-Blunder, which is not officially corrected by ElonMusk.

In Legal Frameworks this indicates:

SpaceX GwynneShotwell is prepared to SKIP all legal obligation for the guarantee of Justice & Peace = she turns to war, needlessly...

Mrs Shotwell is prepared to assist the USA - ambassador in Thehague with murder on Dutch civilians.

And other Civilians of other UN-memberstates; she plans to keep the InternationalCriminalCourt corrupt, so she can organize Murder op Civiliand in co-op with the corrupt ICCpersonnel.

SpaceX owns a contract with a Commercial Young business in Holland; Hiber.global.

SpaceX launches NL-satellites into Space... for communication in the Business-world.

NL-economy & national security are at High risk, when Mrs Shotwell has evil plans with Hiber.global.

This risk only stops when the ICClawcaseNI = closed.

ICC = cleanup up + UN operates legally correct in the UNGA + UNSC + Nato.

When Mrs GwynneShotwell -

also works for Dictator President Donald Trump - and his friends at Airforce -

without conducting ALL legal frameworks

for Fairtrade - Justice - Peace.... SpaceX = warcriminal-club.

SpaceX will be guilty of Treason & Espionage.

SpaceX = commercial business,

what gives them the opportunity & legal obligation to Clean up Warzone. 🌍🌱

I want SpaceX to be succesfull, but not at the cost of Human lives for War-makery.

Thus?

First must become clear if SpaceX ElonMusk is prepared to operate legally correct.

In this scenario... he officially publicly corrects the miscommunication of Mrs Shotwell.

And, he proves to the World - with legal frameworks - that he runs for Justice.

Or, is he a Space-arm for the violent Regime in the USA that starts wars in other UN-memberstates?

When SpaceX wants to kill civilians in Holland
- and misuse or use Hiber.global for doing so - SpaceX will also kill civilians in Japan.

There is an International Criminal Court lawcase against

President Abe & the JP-embassador in NL,

for building DictatorshipNL ...

and killing the Dutch nationals & other civilians on Earth ;

in co-op with 100% currupt ICCpersonnel.

Japan has no national security
= when I die and can't shovel JP into the right direction anymore,
that whole JP - NK - USA hel will restart.

Are SpaceX - Ispace - Hiber.global all together participating in these

ICC-Whitehouse-killings... or not?

Ispace,

When ElonMusk refuses to respond to the letter I sent Hiber.global yesterday... he is going to kill people in Holland & Japan.

In Holland, a civil war is going on.
Hiber.globl now must defend itself against this national war.

What needs to be done?

Ispace: hold your horses... until ElonMusk has made clear that SpaceX builds Peace, not War.

Allmost Emperor Naruhito needs to grow up and start to take care of the REAL Japan national security.
